The Indoor Golf Alliance Announces the First Complete Indoor Golf Suppliers Guide and Directory

The directory will have a complete list of all suppliers, services and major facilities in the US. Company names and website address. To be distributed at the PGA Show and future trade shows as well as online. Get your COMPLIMENTARY listing [here](#).

Facility Profile

\$17.6M Indoor Practice Facility Part of \$246M North Clayton High Project

The Clayton County School Board approved a \$246 million budget for a new North Clayton High School campus, which will include a 5K running course, three-hole golf course and indoor football practice facility.

During a Sept. 29 working session, the board presented a video from Perkins & Will, an Atlanta-based architectural firm, that showed [renderings of the campus](#) and the included athletic facilities. The indoor practice facility carries a price tag of \$17.6 million, and the golf course and golf facilities will cost \$9.9 million.

Uneekor Expands Ground Unit Lineup with the Launch of the Eye Mini Core

IRVINE, CA — [Uneekor](#), a global leader in golf simulation and technology, announced today the release of the EYE MINI CORE, the latest and most

accessible addition to its acclaimed ground unit launch monitor lineup.

Exclusively on Amazon for \$1,499, the EYE MINI CORE brings Uneekor's precision and innovation to a new entry-level price, making professional-grade performance data more attainable than ever.

*"The EYE MINI CORE represents our mission to make tour-level data and technology available to every golfer," said **Yun Lee**, Co-Founder, President, and Chief Brand Officer of Uneekor. "With CORE, we're bringing the accuracy and reliability that golfers expect from Uneekor into a compact, accessible, and easy-to-use system that's perfect for both first-time users and experienced players."*

The EYE MINI CORE is Uneekor's most approachable launch monitor, purpose-built for golfers ready to step into the world of simulator golf. Featuring 15 precision ball metrics, effortless plug-and-play setup, and full compatibility with VIEW and GAME DAY software, it delivers trusted performance data and immersive course play—all in a sleek, compact design

Gallus Golf Unveils Two Game-Changing Tools: App Studio & Custom Memberships

Gallus Golf, the leader in technology solutions for golf clubs and facilities, announces the launch of two powerful new offerings: App Studio, a fully customizable mobile app platform, and Custom Memberships, a streamlined system for creating and managing digital membership and subscription programs.

Together, these innovations enable golf clubs to enhance engagement, unlock recurring revenue, and deliver premium digital experiences to their members and customers. With App Studio, golf clubs can now design and deploy a mobile app that genuinely reflects their identity and brand — not just a templated "club" app.

Country Music Star, Jordan Davis, Takes A Golf Simulator On The Road & Even Allows Fans To Get In On The Fun

Country music star Jordan Davis loves golf as much as he loves to perform on stage. You probably recognize some of his work, whether it be his more pop-leaning tracks like "Singles You Up," "Take It From Me" and his latest release, "Bar None," or his certifiably solid country songs like "Tucson Too Late" and "Next Thing You Know," he's a modern artist that can pretty much do it all.

Tournament News

Double Glory for Zen Green STAGE Users at DP World Tour India Championship

The winner and runner-up in yesterday's DP World India Championship both train on Zen Green Stage – the world-beating moving putting surface. The 34-year old champion, who has Zens at both his putting academy at Jumeirah Estates in Dubai as well as at his UK base, is enjoying a career-best season including an unforgettable Ryder Cup last month alongside fellow Zen owners and 2025 tournament winners Justin Rose and Robert MacIntyre. And an impressive second-placed finish for the 25-year old Japanese rising star, who added a Zen to his personal practice setup earlier this year, propels him to 12th place in this season's Race To Dubai rankings.
